Dear Pat: We recently dined at the new Watermark Grill restaurant on 1604, and had the most delicious shrimp appetizer. It was a garlic shrimp dish. Do you think they would share the recipe with you? It would even make a great entrée. Thanks

S.G.

Dear S.G.: You're so right — Watermark Grill's Roasted Garlic Shrimp appetizer made a generous and delicious entrée for my dinner last evening, and it came together very quickly — great for a weeknight.
